[Stephen Ramsden](#)

Image taken:

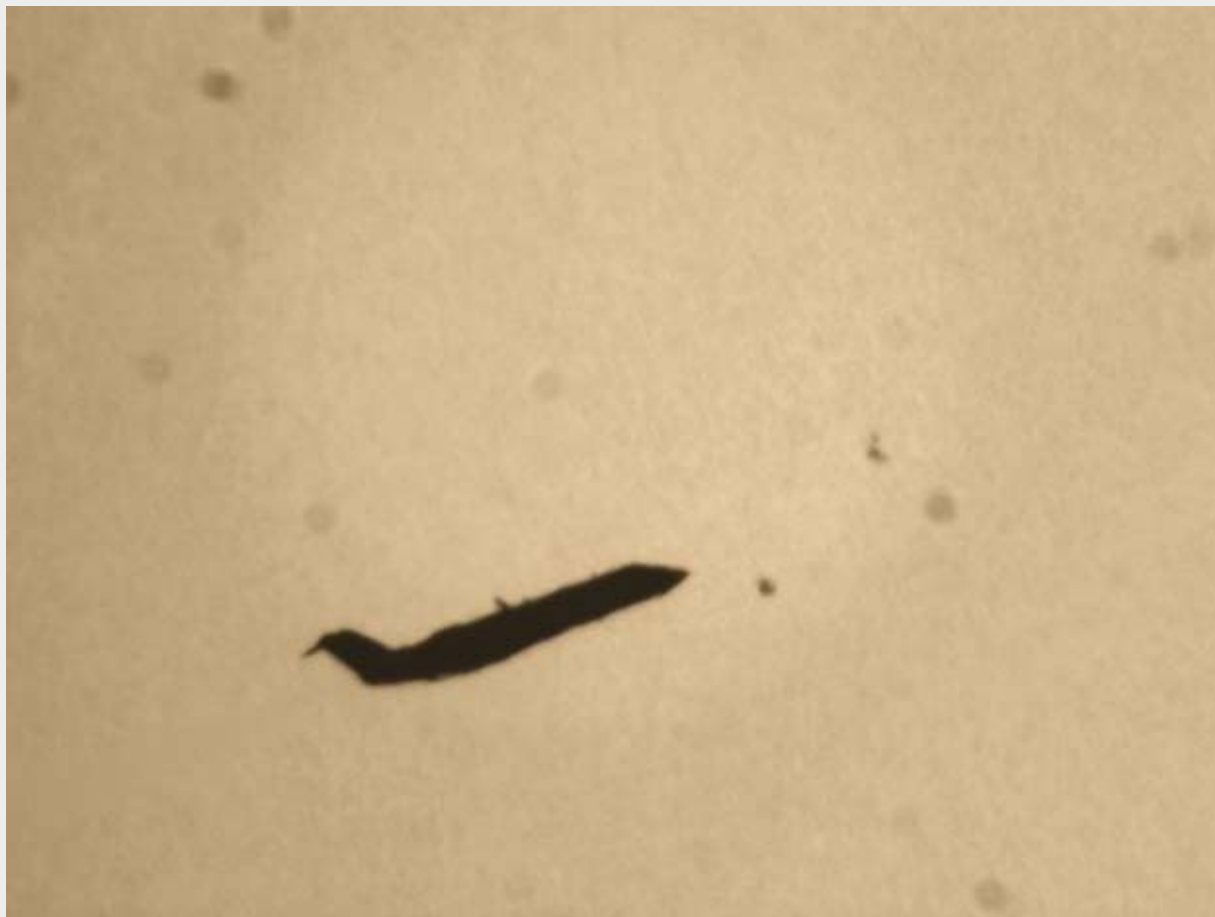

Nov. 8, 2010

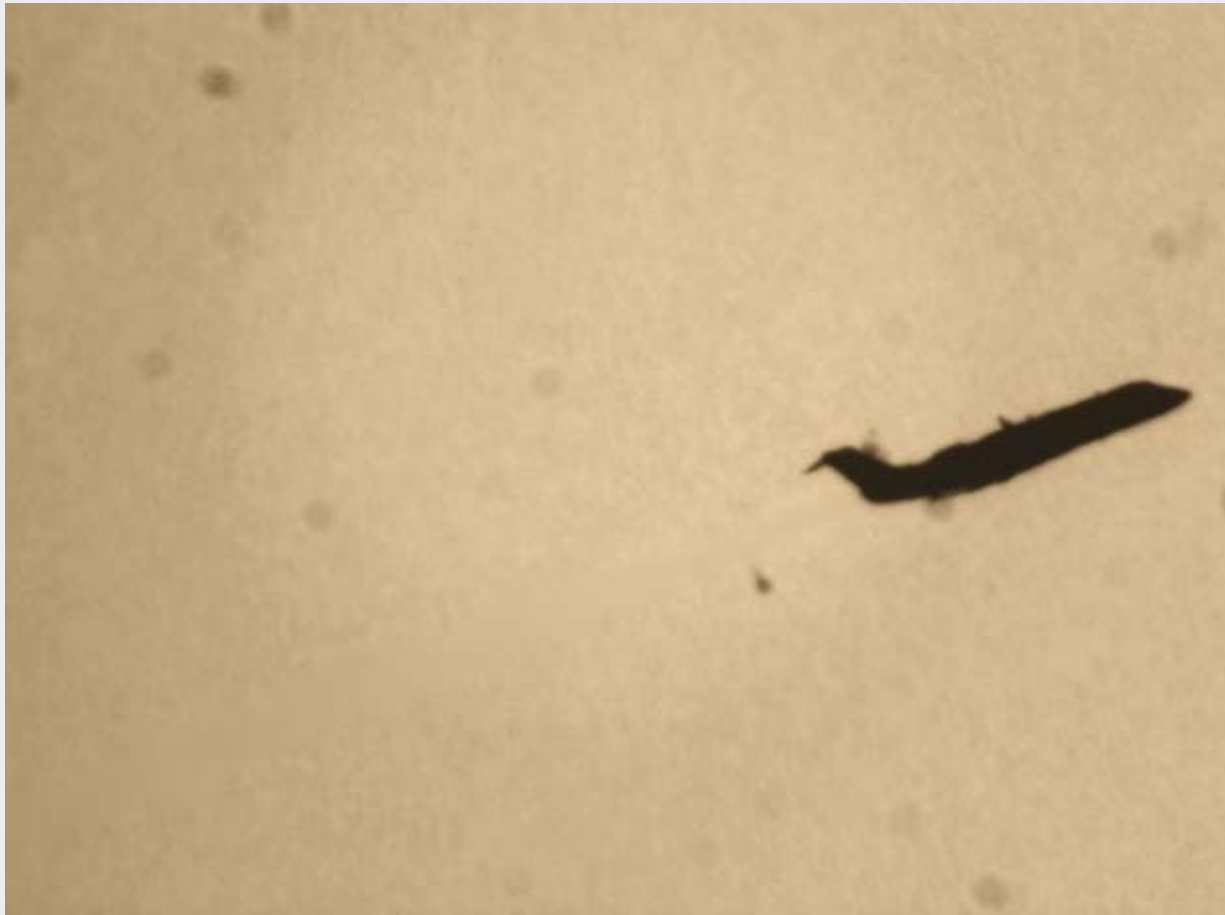

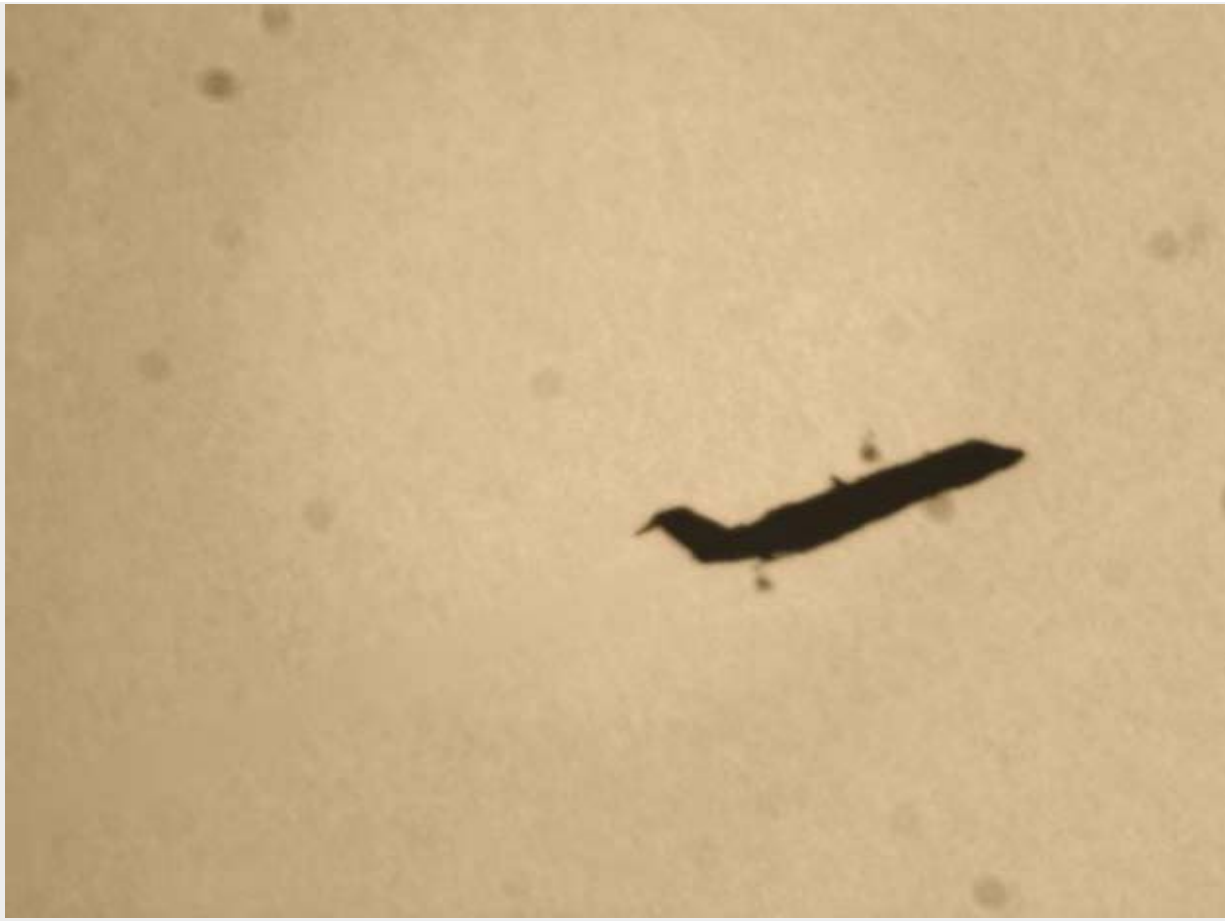

Location:

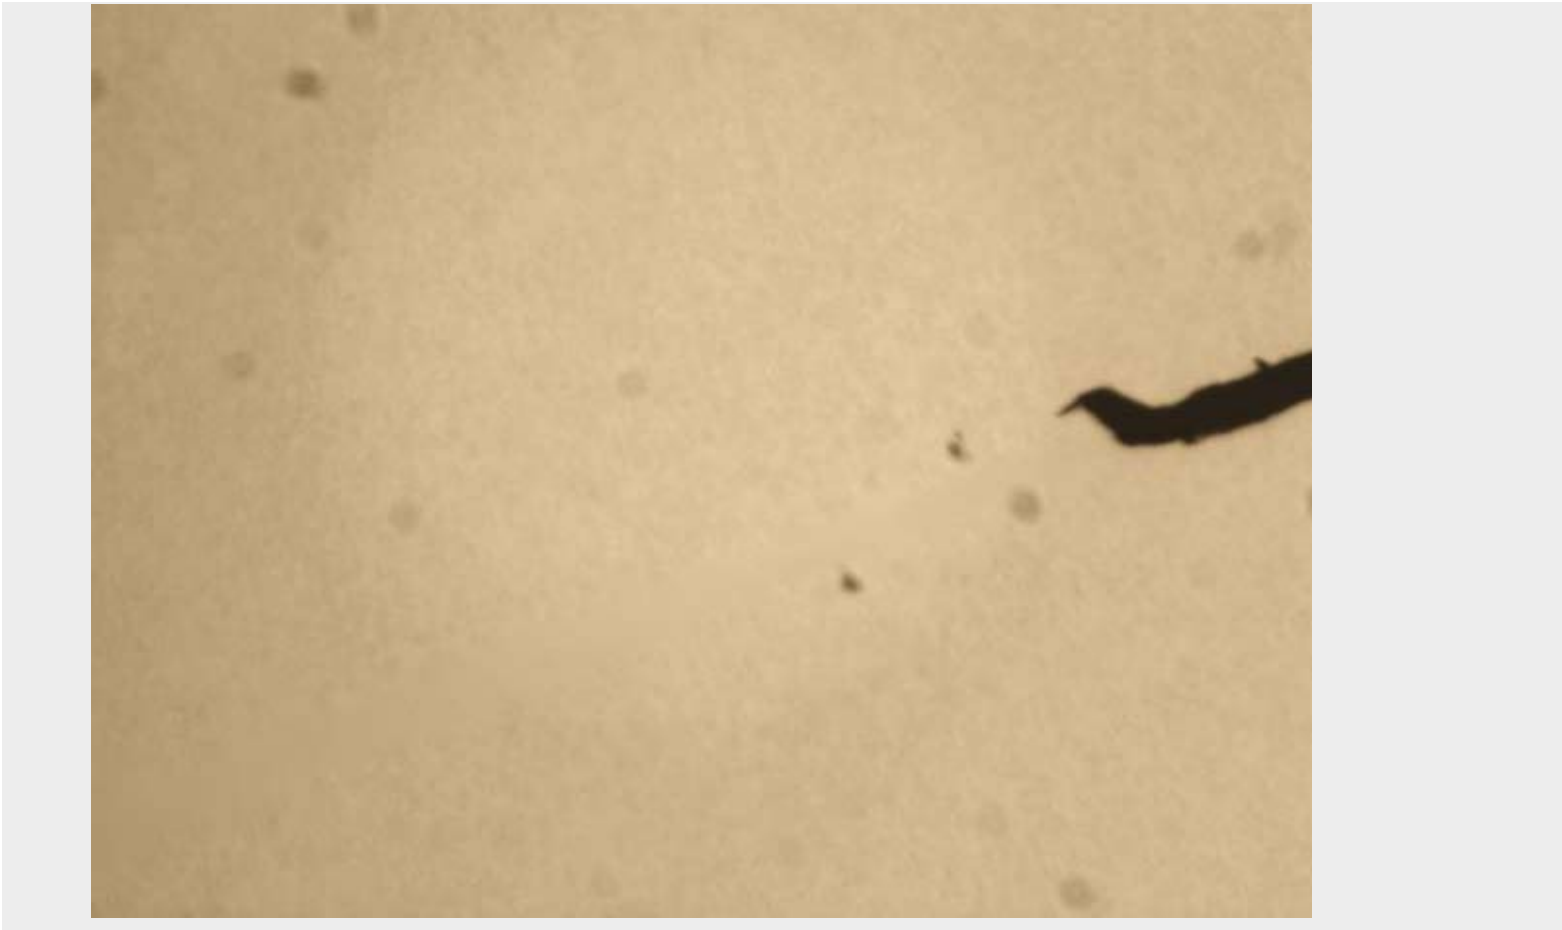

Atlanta, GA

Details:

While I was setting up for imaging at a local outreach event I filmed this passanger Jet actually split the two Earth size sunspots in group 1122. It was amazing to see! Here is a movie of the event <http://www.youtube.com/watch?v=rvWgHU51zjU&hd=1>
